

# CARE PLANNING AWARENESS

## **Overview**

This training course is aimed at anyone working in the care sector and ensures that staff understand the importance of care planning and can implement and review care plans. Our training will provide delegates with an enhanced understanding of how they, as individuals, can work alongside other professionals, as well as teaching them how to make initial assessments that meet the needs of each patient.

## **Outline of Programme**

- How do individual care plans differ?
- Why should care plans be updated?
- How should we work with other professionals?
- Observation skills.
- What are the stages of care planning?
- How are care plans assessed?
- How to create a care plan.

## **Assessment**

The care planning awareness training course takes around 3 hours and delegates may be expected to engage in several group activities. Our experienced trainers will be on hand to help guide participants through these sessions and a certificate will be awarded upon completion.

## **Cost**

Our courses are competitively priced, and we aim to beat any equivalent training quote.

## **Important Information**

- The training venue should be quiet and undisturbed.
- Staff should not be expected to be on duty.
- Staff attending should remain for the entire length of the session.
- Flexible dates available.
- Please call to book a day that suits you.
