

# CIEH/HABC AWARD IN THE PRINCIPLES OF COSHH (LEVEL 2)

## Overview

This CIEH level 2 qualification would benefit anyone who comes into contact with hazardous substances at work. Delegates will come away from the course with an understanding of different substances, their associated risks, and effective control methods used to manage them. Training will add real value to any organisation seeking to ensure that hazardous substances are managed appropriately on their site. The course also focuses on what a Control of Substances Hazardous to Health (COSHH) assessment would involve.

## Outline of Programme

- What substances might be hazardous to health in the workplace?
- The impact hazardous substances can have on health.
- COSHH assessments and control options.
- Responsibilities under the Control of Substances Hazardous to Health Regulations 2002.

## Assessment

The CIEH award in the principles of COSHH training course takes around 4 hours and delegates may be expected to engage in several group activities. Our experienced trainers will be on hand to help guide participants through these sessions and a certificate will be awarded upon completion.

## Cost

Our courses are competitively priced, and we aim to beat any equivalent training quote.

### **Important Information**

- The training venue should be quiet and undisturbed.
- Staff should not be expected to be on duty.
- Staff attending should remain for the entire length of the session.
- Flexible dates available.
- Call to book a day that suits you.
