INTERNET SAFETY AND SOCIAL NETWORKING

Overview

This course is designed for anyone working with, or responsible for, children who may be exposed to the internet and online social networks. The training fulfils recommendations underlined by the CQC to help improve the level of safeguarding of children online. Delegates will come away with an improved understanding of the threats posed by the internet, and how to protect children against them.

Outline of Programme

- Introduction and explanation.
- How the internet is used by different people.
- Signs and common forms of cyberbullying.
- Protection against bullying.
- Risks of social networking.
- Exposure to inappropriate material.
- Online predators.
- Displaying of personal information online.
- Using a mobile/smart phone safely.
- Awareness of emails and internet chat rooms.
- Children's security online.
- Identity protection.

Assessment

The internet safety and social networking training course takes around 4 hours to complete. Delegates may be expected to engage in several group activities and our experienced trainers will be on hand to help guide participants through these sessions. Successful candidates will be awarded with certification valid for 12 months.

Cost

Our courses are competitively priced, and we aim to beat any equivalent training quote.

Important Information

- The training venue should be quiet and undisturbed.
- Staff should not be expected to be on duty.
- Staff attending should remain for the entire length of the session.
- Flexible dates available.
