

MRSA/C. DIFF AWARENESS

Overview

This course helps care organisations to promote high standards in the prevention and management of healthcare associated infections (HAIs), such as MRSA and C.Diff. This presentation and workshop-based training is ideal for care homes, domiciliary care agencies and other healthcare providers. Our trainers are fully up to date with the latest guidance from the Department of Health and the Care Quality Commission.

Outline of Programme

- What are Healthcare Associated Infections?
- How do HAIs spread?
- Methicillin Resistant Staphylococcus Aureus (MRSA).
- Clostridium Difficile (C.Diff).
- Current guidance and government proposals.
- How are we responsible as individuals?
- Risks to care providers and potential penalties.
- Regulatory bodies.

Assessment

MRSA and C.Diff training takes around 3 hours and delegates will be expected to engage in a number of group activities. Our experienced trainers will be on hand to help guide delegates through these sessions and a certificate will be awarded upon completion.

Cost

Our courses are competitively priced, and we aim to beat any equivalent training quote.

Important Information

- The training venue should be quiet and undisturbed.
- Staff should not be expected to be on duty.
- Staff attending should remain for the entire length of the session.
- Flexible dates available.
- Call to book a day that suits you.
