

MULTIPLE SCLEROSIS AWARENESS

Overview

Over 100,000 people in the UK suffer from Multiple Sclerosis (MS), a neurological condition which causes disability for the sufferer. This Multiple Sclerosis Society Awareness training is ideal for those working in the care sector, especially staff who are new to working with people who suffer from MS. The course will give delegates an insight into the causes and effects of MS, as well as the symptoms to look out for and the methods of dealing with those who suffer from it.

Outline of Programme

- Introduction to MS.
- Causes of MS.
- Identifying MS – both common and uncommon symptoms.
- Effects of MS and how to deal with them – dizziness, fatigue, depression, etc.
- Methods of treatment.

Assessment

The course is 3 hours in length and delegates will be expected to engage in several group activities. Our experienced trainers will be on hand to help guide participants through these sessions and a certificate will be awarded upon completion.

Cost

Our courses are competitively priced, and we aim to beat any equivalent training quote.

Important Information

- The training venue should be quiet and undisturbed.
- Staff should not be expected to be on duty.

- Staff attending should remain for the entire length of the session.
- Flexible dates available.
- Call to book a day that suits you.
