

# RQF LEVEL 2 DIPLOMA IN HEALTH & SOCIAL CARE

## **Overview**

The RQF Level 2 in Health & Social Care is an internationally recognised qualification. Delegates who have undertaken this training will be recognised as having the fundamental skills and occupational competency necessary, to work with adults across all social care settings, including residential care homes, primary care services, domiciliary care, day services and assisting supported living. The programme is customised, and delegates can choose between generic, learning disabilities, or dementia pathways.

## **Outline of Programme**

Delegates will need to complete units worth at least 46 credits; this is made up of mandatory units worth a minimum of 24 credits and a selection of optional units.

The course assessment includes an evaluation of work-based performance, presentation of evidence, witness statements, peer testimony and question & answer sessions. Delegates will need to put together an e-portfolio of evidence, demonstrating they can achieve the course objectives to the required standard.

To help with this, delegates are appointed a vocationally trained RQF assessor, who helps assemble the portfolio and guide delegates throughout the diploma. Email and telephone support is available for the duration of the RQF programme.

## **Accreditation**

This course is fully compliant with the Health & Social Care National Occupational Standards approved by Skills for Care and Development. The course is accredited by Pearson and will

help you or your organisation to meet the conditions and standards required by the Care Quality Commission.
